1. The Pacific MIRS is not yet in full operation. When the flow of documents starts regularly from the field, accession lists will be prepared and distributed to interested agencies.

2. A policy for the dissemination of accession lists to OWI is requested. It is recommended that these accession lists be distributed to OWI but that the only documents which be given to them be those of value to the prosecution of psychologic warfare. It is further recommended that this action be taken only after necessary security indoctrination with respect to captured Japanese documents.

J. R. LOVELL,
Colonel, G. S. C.,
Chief, Military Branch.
